## November 2010

### Coming Up - November

- 3 – Regular Meeting
- 6 – Belk Ticket Sale – 6 A.M.
- 10 – Board/Fund Raising Meeting
- 15 – Eyeglass Recycling
- 17 – Regular Meeting

Our meeting of October 6 featured **Lion Dallas Scott** speaking on the Lions Special Needs Program. Just two of the stories he related concerned the Lions helping to finance special contact lenses for a young girl (at \$120/month) and a cochlear implant for an 8 year old boy. This is why we stand in front of the stores collecting for White Cane.

**Lion Jerry** announced that we had raised \$655 for our charity fund at the Kroger Towers White Cane. Our secret weapon, **Lion Esther's** grand-daughter, **Sala**, unleashed her cuteness (she had lots of it) on unsuspecting shoppers and was a big help.

Everyone please welcome our new member, **Lion Faith Rector**, who was inducted at the October 6 meeting. We are sure that she will be as great a member as **Lion Robert**.

Both October meetings were attended by visitor **Kevin Smith**. **Lion Leonard** told him about Lions at the WalMart White Cane Day. Apparently Kevin wants to serve his community. He has already participated at Eyeglass Recycling and at the Rescue Mission.

At the Fall Conference our club had 10 Lions in attendance and we won the State Achievement Award and **Lion Jerry** received the 100% Treasurer's Award.

At our October 20 meeting, **Steve Turner** of Long and Foster shared with us many interesting facts about today's real estate market in general and the Roanoke area market in particular. It became clear that the real estate business is much healthier here than in Northern Virginia.

*Its Great to be a Lion*

*Lion Glenn*
